The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the City of Brea Active Transportation Program.

The entity to receive funding for this project located at 1 Civic Center Cir, Brea, CA 92821.

The funding would be used to improve the railroad corridor along Orange County Loop Segment B; known to the City as the Tracks at Brea Western Extension. It will help the City acquire a 120 foot cross section of abandoned rail corridor to later construct a paved pedestrian trail adjacent to an existing Union Pacific Railroad line between Palm Street and Brea Canyon Flood Channel, helping close a gap in the 66-mile OC Loop. Closing the gap will position this project for a transformative 20 mile off street corridor serving disadvantaged community members that want to walk and bike between the San Gabriel River in Whittier, through La Habra, Brea, Placentia and all the way down to the Santa Ana River in Anaheim. Full funding for this program will ultimately remove barriers to mobility for the community, create safe walking and biking pathways, and improve connectivity from neighborhoods to parks, schools, and businesses.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

YOUNG KIM
Member of Congress
