The Honorable Rosa DeLauro  
Chair  
Committee on Appropriations  
U.S. House of Representatives  
Washington, D.C. 20515

The Honorable Kay Granger  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Chino Hills Citywide Fuel Reduction Project.

The entity to receive funding for this project is located at 14000 City Center Drive, Chino Hills, CA 91709.

The funding would be used to implement a citywide fuel reduction project to reduce the potential for wildfire and wildfire spread through the removal of fuel hazards near residential communities. The project site is comprised of approximately 3,350 acres of City-owned open space, located in the southwestern corner of San Bernardino County. The project will enlarge defensible space between the City's 25,834 habitable structures and its open space hillsides that are highly susceptible to wildfires. It will utilize environmentally friendly techniques that are cost-effective and will result in long-term greenhouse gas reductions. Our residents' safety and health, and in many cases lives, depend on our ability to protect them from the destructive paths of wildfires. As wildfires increase in our region, devastation will only increase without this specific and dedicated action to prevent risk to human life.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

YOUNG KIM  
Member of Congress
