

Dear Friend,

I hope you had a great week and are looking forward to the weekend! I was back home in our Congressional District this week, working hard for you. Here are the highlights:

### Coming Together to Better Our Community

I was so glad to join hardworking volunteers in Fullerton and Placentia to help care for our communities during this year's Love Fullerton and Love Placentia [days of service](#). We helped clear out a public lot, pack backpacks for the homeless and clean up Bastanchury Creek Greenbelt for a new proposed public park. Our communities are stronger when we come together.

### Delivering Resources To Help Small Businesses

Small businesses are the heartbeat of our communities across California's 39th Congressional District. Unfortunately, many small businesses have had to temporarily, and in some cases permanently, close their doors due to the COVID-19 pandemic.

One of my top priorities in Congress is getting our local economy back on its feet as we safely reopen so people can go back to work. I am proud to serve on the House Small Business Committee and am excited that four months into my first term in Congress, three bipartisan bills I helped introduce to support small businesses have passed the House of Representatives, and one has become law.

Learn more about my work in Congress to support small businesses and the jobs they create in the Orange County Register [here](#).

## Let Taiwan Help in the Fight Against COVID-19

Time and time again, the world has seen the benefit of giving Taiwan a seat at the table to cooperate on global health security. Throughout the COVID-19 pandemic, Taiwan has effectively stopped the virus within its borders while generously donating PPE and supplies to countries worldwide.

I am proud to join the call to Let Taiwan Help in the global fight against COVID-19 and to lead a [bipartisan bill](#) to restore Taiwan to its observer status in the World Health Organization and World Health Assembly.

# Growing Our Local Economy by Empowering Small Businesses

As an immigrant and small business owner, I know the value that immigrant-owned small businesses bring to our communities across CA-39. These small businesses range from restaurants, manufacturers, to research and development and more. Without these entrepreneurs, our home would not be the special, unique place that we all love.

I [spoke](#) to entrepreneurs during a Small Business Committee hearing about what Congress can do to support immigrant-owned small businesses and promote economic growth at home.

## Protecting Our Environment One Tree at a Time

Today is Arbor Day! Our trees play an important role in protecting our environment across U.S. communities.

I'm proud to have [joined in introducing](#) the Trillion Trees Act to lower carbon, reduce emissions, improve air quality, support jobs & reverse effects of wildfires & deforestation.

## Catch Up on My Work for You in Congress

Missed any of my previous e-newsletters or want to be reminded of my work for you in Congress? Visit my website [HERE](#) to view my e-newsletter archive.

## COVID-19

I am committed to helping California's 39th District get through the COVID-19 pandemic better than before. As we work to safely reopen communities and get people back to work, I will do all that I can to make sure my constituents receive the relief you deserve.

Vaccines are currently available for CA-39 residents ages 16+.
