As a Korean American who ran a small business, I want to make sure future generations have access to the resources they need to achieve their American dream. I look forward to doing exactly that & promoting pro-growth policies to support our economy and future workforce.

## Giving Back to My Community

## COVID-19

I am committed to helping California's 39th District get through the COVID-19 pandemic better than before. As we work to safely reopen communities and get people back to work, I will do all that I can to make sure my constituents receive the relief you deserve.

Vaccines are currently available for CA-39 residents ages 65+.
