

Dear Friend,

I hope you had a great week! I was back in Washington this week working hard for you in Congress. Here are the highlights:

### Join Me for a Telephone Town Hall Next Week

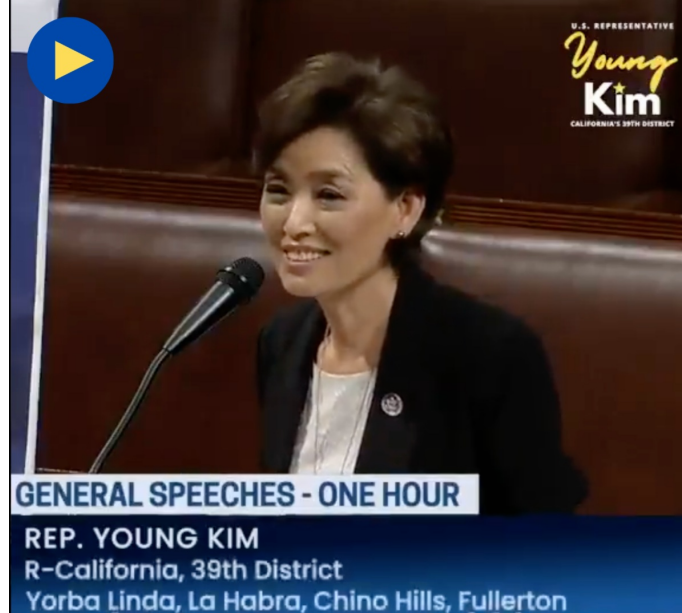

**On Tuesday, May 18, at 6:30 pm PT, I will host a telephone town hall to update you on my work for you in Congress and answer your questions.**

I am excited to have this opportunity to speak to you and hear your concerns. I hope to talk to you then!

**[Click here to sign up for my telephone town hall.](#)**

### Honoring Our Law Enforcement Across CA-39

Our law enforcement officers across California's 39th District and our nation put their lives on the line every day to protect and serve our communities.

I'm proud to support our law enforcement and their important, hard work they do each day. From Captain Steven Tousey and Deputy Louis Denver with the Walnut Diamond Bar Sheriff's Office in Los Angeles County, who I rode along with last week, to Orange County Sheriff Don Barnes and their hardworking team, I'm always talking to our law enforcement across Los Angeles, Orange and San Bernardino counties on how I can help make sure they have the support and resources needed to perform their demanding and dangerous jobs, and learn how I can support our police officers in Congress.

As we celebrate National Police Week and every day, we thank our law enforcement for the work that they do to keep us safe. Click [HERE](#) or on the above image to watch my full speech on the House floor.

## Securing our Border and Fixing our Broken Immigration System

After visiting the Southern border in California and in Texas, it's clear there's a public health and humanitarian crisis at our border.

It's also clear that while we need to come together to address the root causes of mass migration, recent policy changes made by the Biden administration are contributing to this crisis and hurting Americans, straining our Border Patrol and Customs and Border Protection officers on the front lines, endangering migrants who are making the perilous

journey to the U.S. in search of a better life, and undermining legal immigrants.

## Fighting for the 57/60 Confluence Project

**Since coming to Congress, I've made the 57/60 Freeway Confluence Project a top priority** by requesting funding and educating my colleagues on the impacts of the Confluence in CA-39.

I caught up with City of Diamond Bar Mayor Nancy Lyons, City of Industry Mayor Cory Moss and Director of Public Policy for the San Gabriel Valley Economic Partnership joined me for a [press conference](#) at the 57/60 Confluence site to share an update on the status of the project and why Congress should join me in funding this vital infrastructure project.

## Paying Respect to Fallen Buena Park Police Officers

The Buena Park Police Department has sadly lost [four officers](#) in the line of duty. My team joined the family members of the fallen officers and the Buena Park Police for the unveiling

of their Fallen Officer Memorial and to remember the lives of the men who sacrificed their lives protecting Buena Park.

We remember Detective Darrel Cate, Deputy Shayne Daniel York, Corporal Tyler Matthew Pinchot and Officer Daniel Ryan Ackerman. We remember your names and honor and thank you always.

## Pursuing The American Dream

It's an honor to be able to represent the community I've called home for decades in Congress and to be one of the first Korean American women elected to serve.

**I hope my story can inspire others to pursue their American dream just like I did.**

## Supporting Human Rights and Freedom in Vietnam

I joined a bipartisan group of colleagues to introduce the [Vietnam Human Rights Act](#). This bill will prioritize U.S. foreign policy to help the Vietnamese people as they struggle for freedom and human rights.

I will always stand firmly for human rights and with the Vietnamese people.

## Helping our Small Businesses Innovate

One of the many reasons America is the leader in science and technology is because of public, private partnerships between the federal government and small businesses. To remain the leader in technological development, we must prioritize the effective use of resources to commercialize new technologies.

During this week's Small Business Committee hearing, I asked how the government can best partner with small businesses to bring new technology to the marketplace and keep our competitive advantage over countries worldwide.

## Recognizing CA-39 Small Businesses

As our community begins to reopen from the COVID-19 pandemic, I hope that each of us can make an effort to support small businesses and entrepreneurs. Small businesses have had a hard time throughout the past year, and it is important that we support them.

My team was honored to be at the grand opening of the new Crumbl Cookies location in La Habra to recognize this accomplishment. I am proud to advocate for entrepreneurs on the Small Business Committee in Congress and our district.

## 2021 Congressional Art Competition - Fan Favorite Award

I'm so impressed by the amazing artwork by talented high school students across CA-39. **Visit my Facebook page** to view all the outstanding artwork and cast your vote to pick the CA-39 Fan Favorite by liking your favorite of this year's submissions.

## **Celebrating Asian Pacific American Heritage Month**

May is Asian Pacific American Heritage Month! Throughout this month, we recognize the countless Asian Americans who have broken barriers and are making our communities, country and world a better place. I'm proud to represent so many Asian Americans who are making a difference throughout our community.

**Follow along on my social media @RepYoungKim as we highlight a few of the amazing leaders across the nation who have paved the way and are blazing trails for future generations.**

## **Catch Up on My Work for You in Congress**

Missed any of my previous e-newsletters or want to be reminded of my work for you in Congress? Visit my website [HERE](#) to view my e-newsletter archive.

## **COVID-19**

I am committed to helping California's 39th District get through the COVID-19 pandemic better than before. As we work to safely reopen our communities and get people back to

work, I will do all that I can to make sure my constituents receive the relief you deserve.

Vaccines are currently available for CA-39 residents ages 12+.

- Click [HERE](#) to make an appointment in Los Angeles County.
- Click [HERE](#) to make an appointment in San Bernardino County.
- Click [HERE](#) to learn more about our state's vaccination plan.

Find a full list of COVID-19 resources [HERE](#).

## Casework

Need help with a federal agency, like the Small Business Administration, IRS or the VA? My team and I are here to help. Submit a casework request [HERE](#) and find our privacy release form for casework [HERE](#).

My team and I are here to serve you. As always, please do not hesitate to reach out to my office with any questions or concerns. I encourage you to follow me on social media on Facebook, Twitter and Instagram at [@RepYoungKim](#).

Sincerely,

Young Kim
